

GALT TRAFFIC

EAA CHAPTER 932 at Galt Airport, "one zero charlie" visit us at: WWW.EAA932.ORG

NOVEMBER 2005

EAA 932 Member **Jack Weiss** was seriously injured in an off airport emergency landing in his ultralight around the middle of October. Jack shattered one or more lumbar vertebrae and had other lesser injuries. He suffered no loss of function or feeling, and a full recovery will come, but slowly. He is recuperating at his daughter's in Madison.

If you would like to send Jack some get well wishes, his address in Madison is: Jack Weiss, 30 Waubesa St., Madison, WI 53704.

GERRY MOLIDOR'S SUKHOI

By the Editor

I finally got to the new National Air and Space Museum Udvar-Hazy Center near the Dulles Airport in Washington, DC this past September. The first thing I wanted to find was EAA 932 member **Gerry Molidor's Bud Lite Sukhoi** and I didn't have to look far. It was right at center stage, nestled under the left wing of the Boeing 707 prototype. (I've heard that it has since been hung from the ceiling.) Gerry, ya gotta be proud!

DOUG BARTLETT

The September issue of *Galt Traffic* announced that chapter member **Doug Bartlett** had won the Intermediate Class in the I.A.C. U. S. Nationals. Since then, we received this great photo by Michael Stanard and are pleased to present it now. Again, congratulations, Doug! (That's Mark Peteler's "supersized (HPwise, ie.) Swift in the background.

WHERE ARE THEY NOW?

Mike and Dianne Kelly and their Van's Aircraft RV-8, the *Dianne Di*.

This photo of former EAA 932er **Mike** (UAL, ret) and **Dianne Kelly** appeared in a recent issue of *AOPA PILOT*. You may recall our annual "field trip" treks, a few years back, to check up on their RV-8 project. Son **Brian** (best lineman Galt ever had) is apparently married and flying for an airline. We think Mike and Dianne have relocated to Florida. Can anyone bring us up to date on the Kellys?

OCTOBER RECAP

By John Roach

October Meeting:

1) Our guest speaker was unable to attend the meeting. Hopefully he will be able to schedule his talk for a future meeting.

2) We'll be voting for President and Vice President at the November meeting

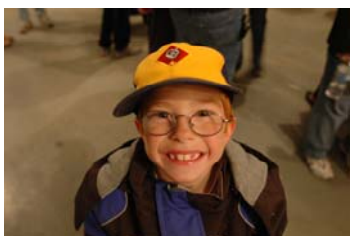

3) We are still looking for chapter members to act as chair for events scheduled in 2006. Members wishing to volunteer should email me at planejohn@aol.com.

*** Also ***

The Spot Landing Contest winner was **Arne Quast**. We won't list the name of those who fell short (or long) of the spots on the runway. However, **Mike LeJune** flew his ultralight and demonstrated a superior performance. Since his was the only ultralight flying that day, we could not award a winner for ultralights. Hopefully, next year's contest will include an ultralight division.

Chapter 932 finished off its Young Eagles season by flying a group of Boy Scouts who camped at the airport that weekend. Our unofficial tally indicates that we flew around 100 Young Eagles this year. Let's see if we can up that number to 150 for 2006. Our next Young Eagles Day will be on June 10, 2006. However, individual chapter members may fly Young Eagles at any time. Just remember to contact any member of the Board of Directors so that the flight can be properly recorded and a certificate printed. If you know of a potential Young Eagle, but are unable to schedule a flight due to the lack of an aircraft, contact a member of the Board and ask their help in scheduling a flight with a member who has an aircraft available.

The Chili Fest (held in Jeff Hill's hangar) was well attended. The easy listening music and live vocals by **Kate Ballew** provided a comfortable setting for listening, conversation and dancing. Based on this year's attendance, we'll have to find a bigger hangar for next year's event. (The following photos of the Chilifest-Hayride-Hangar Dance are courtesy of **Michael Stanard** – Ed.)
